Build Instructions - AR-15 INFO.txt

```
Hello,

Thank You for downloading the AR-15 Super (and Basic) Lower V3.1!
See the README for generic info and print settings.
You will need a #24 0.5 Inch wide hose clamp for this lower.

Improvements in V3.1:
Hammer Pin adjusted to help prevent binary fire.
Bushings holes tightened to help prevent binary fire.
Safety Hole extended through right side for compatibility reasons.
